This well, known as Well No. 2, has been drilled to 690 feet and (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.)
delivers 400 gallons per minute. (State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits.)
12. Estimated cost of works \$15,000.00
13. Estimated time required to construct works
14. Remarks It was necessary to drill this second well since Bud Gibbons,
driller from Plainview. Texas, License #347, collapsed the casing in Well No. 1 at 300 feet. Well No. 1 has 4" casing to 304 feet and 3/16 casing from 304 to 500 feet.

APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
following limitations and conditions: This permit to change the point of diversion of
the waters of an underground source as heretofore granted under Permit
20497 is issued subject to the terms and conditions imposed in said Permi
20497 and with the understanding that no other rights on the source will
be affected by the change proposed herein. The well shall be equipped
with a 2-inch opening, an air line and a weir or other type of measuring
device at or near the well to facilitate the measurement and control of
the water. If well is flowing, a valve must be installed and maintained
to prevent waste. The State reserves the right to regulate the use of the water under this proposed change at any and all times. The place of use under this permit is limited to 200 acres within the NW4, NW4 NE4 Sec. 20 T. 18 N., R. 18 E., M.D.B.&M. The total diversion from this permit and permit 21548 shall not exceed 3.4 c.f.s.
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not
to exceed 3.4 cubic feet per second, but not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated.
Actual construction work shall begin on or before May 19, 1965
Proof of commencement of work shall be filed before June 19, 1965
Work must be prosecuted with reasonable diligence and be completed on or before May 19, 1966
Proof of completion of work shall be filed before June 19, 1966
Application of water to beneficial use shall be made on or before May 19, 1968
Proof of the application of water to beneficial use shall be filed on or before
Map in support of proof of beneficial use shall be filed on or before
Commencement of work filed Commencement of work filed Completion of WITNESS MY HAND AND SEAL this 19th day of November 1964 Certificate No. 6 4 0 4 Issued 12 - 8 - 67 Recorded 12 14 6 2 Bk 2 3 Page 4 5 ELMO J. DeRICCO State Engineer
